

# WHO CARES?

There are over 700,000 family carers in Victoria.

At some time in our life, most of us will either be a carer, or need a carer.

Caring for a family member or friend can be very rewarding. The truth is that caring can also be lonely, exhausting, expensive, bad for your career, and financially crippling.

Your donation will help provide free services to caring families, such as our advisory line, counselling, respite and carer support, and carer education and training programs.

You will also be supporting our work to make sure that caring families are properly supported by governments, community services, employers and the broader community

Every donation will make a difference to the caring community by supporting our work to improve carers' health, wellbeing, resilience and financial security.

## Please show you care
